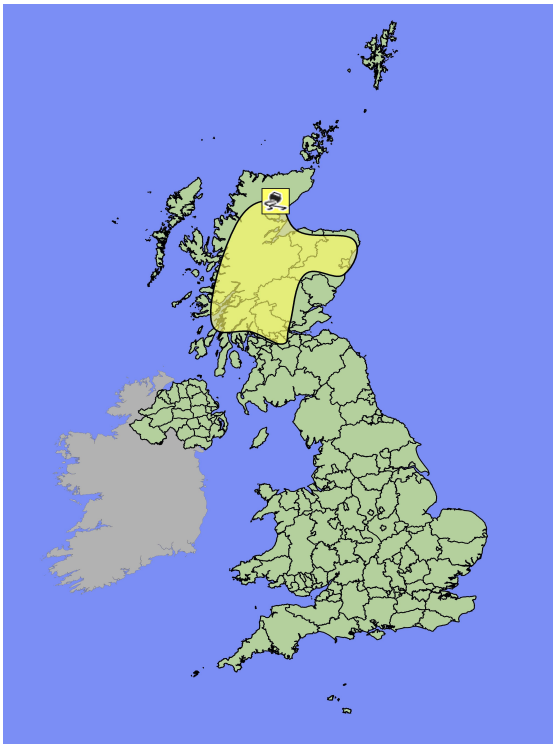
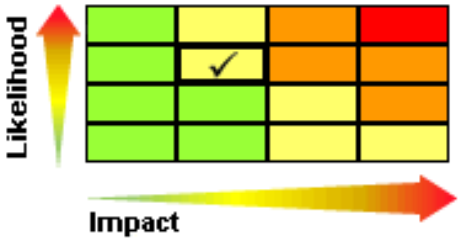
National Severe Weather Warning Service





Chief Forecasters Assessment
Surfaces made wet from earlier rain, sleet and snow are expected to freeze tonight as cold air is pulled in from the north in the wake of the deep area of low pressure.

The Met Office have issued a **Yellow Warning** of **Ice**

Valid from **00:00 on Fri, 09th Dec 2011** until **11:00 on Fri, 09th Dec 2011**

Ice will form on many untreated roads and pavements overnight and into Friday morning with treacherous conditions expected where wet or slushy surfaces freeze over.
